SQL

1. Write a SQL query to Rename the column name

ALTER TABLE table_name

 RENAME COLUMN oldcolumn_name to newcolumn_name;

2. Write a SQL query to find duplicate records

SELECT Column name1, Column name2, COUNT(*)

FROM Table Name

GROUP BY Column name1, Column name2

HAVING COUNT(*) > 1

3. Remove duplicate from the table

```
DELETE
FROM table
WHERE col1 IN (
SELECT id
FROM table
GROUP BY id
HAVING (COUNT(col1) > 1)
)
```
